## Finesse Table Hood Stand

**\$850.00**

Built for strength, stability and portability. The table stand comes with our heavy duty casters (rated for 800 lbs each). This is NOT your regular hood stand because it is completely made from aluminum and stainless steel. We take pride in building the most versatile and durable tools on the market. The case folded up is 4 in thick x 17.5 in wide x 35 in long. The Hood Stand open is 35 in x 35 in and adjusts up and down to accommodate any height of tech, standing or sitting position, from the tallest to the shortest tech pushing dents.

**\$650.00**

Glue Tray - \$150.00  
(sold separately)

## Fold-N-Go Tool Cart

This revolutionary new tool cart is designed pack up easy, into a convenient carrying case. It's folded dimensions are 28 1/4" inches by 18 inches by 4 3/4" inches tall.

To set up the Fold-N-Go simply remove the four Wing nuts and unfold the two main support legs. Then reattach the lid to the main support legs with 4 Wing nuts. The Fold-N-Go tool cart is stable on two legs from 28 to 35 inches tall, for light duty use. If more height is necessary or if you intend to use a fully loaded tool cart we have included two additional support legs that install in just a few seconds.

**PDR FinesseTool Company is the brainchild and retirement plan of Ike Rhoades. After a long successful career as an auto body/frame technician and Body Shop Manager, Ike's dream was for he and his family to be able to work together, and live in the country producing Solutions for the PDR industry. We pioneered adjustable handle tools and revolutionized the Sharp Tools Movement. Teaching that a sharp, ridged tool is a more precise method of Paintless Dent Repair. Our goal is to provide tools that are not only the highest in quality of manufacturing but also give the technicians that use them the "Finesse Edge".**
